

## Land Use

We are learning to:

- Human geography, including: types of settlement and land use, economic activity.
- Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, land-use patterns; and understand how some of these aspects have changed over time.

## PRIOR LEARNING

- Drawing simple maps (yr 1)
- How land is used at the coasts (Yr 2)
- Countries of the UK (Yr 1)

## Our Lessons

- To map a route from a known location to the school or another landmark and identify features.
- To use a key to show land use at the school.
- To identify different types of land use in the UK.
- To recognise the difference between rural and urban areas.
- To recognise the importance of farming to the UK.

## Vocabulary

### Map

A drawing showing the features of an area.

### Key

Symbols on a map that show certain features.

### Land Use

How land is used for different things.

### Agriculture

Land used for farming or growing crops.

### Residential

Land used for housing for people to live in.

### Industrial

Land used for factories and warehouses.

### Commercial

Land used for shops for being to buy things.

### Transport

Land used for roads or railways.

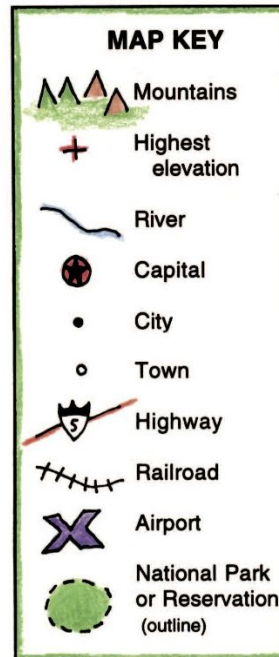

### Rural

An area dominated by countryside and fields.

### Urban

An area dominated by large houses or buildings.

Keys are important to help show people where to go.

Lots of land in the UK is used for farming.

About 90% of the land in the UK is rural!
