

Morgans Sport Funding 2016-2017 = £9,740.00 (estimated)

At Morgans Primary School we recognise the contribution of PE to the health and well-being of the children. In addition, it is considered that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children.

Our Sports Funding allocation will enable us to continue and extend our provision through entering into more competitive sports competitions and by training our staff to deliver in-house quality PE sessions. We believe the money must be used so that all children benefit regardless of their sporting ability. We will continue to place a high priority on our PE provision and as such have invested in additional staffing/coaching and resources to further enhance the curriculum.

- All playgrounds now have outside equipment for playtime and lunchtime use
- The children are benefitting from receiving specialised coaching sessions from qualified professionals
- The number of extra-curricular clubs has increased, being run by the PE apprentices
- Activity/Sports Clubs are now offered at lunchtime, supervised by the PE apprentices
- More children can compete in Inter and Intra School competitions
- We have attended most competitions available and in some competitions have been able to field more than one team
- We have joined other local schools for fully inclusive sport festivals
- Change4life club established

Looking ahead, we propose to use future funding to further support the teaching and delivery of curriculum PE alongside the already strong programme of extra-curricular activities. We want to ensure all children, including targeted groups, continue to develop and progress physically, socially, cognitively and emotionally. We want to continue to increase participation levels in competitive sport and healthy activity of all children, as well as continuing to raise standards in PE and school sport.

Issue to be addressed	Actions to be taken	Costs & resources	Who	By when	Intended Impact	Outcome	Sustainability
