

Year 6

English

We will be developing our writing by using our new learned knowledge to improve previous pieces of writing. We will also be exploring new units/genres of writing.

Maths

In Maths we will learn about properties of shape, conversion between measures, translation and statistics. We will also revise all the topics covered this year so far. After half term we will work on problem solving, investigation skills and managing a budget.

Science

The children will explore how light travels, reflective surfaces work and rainbows. They will recognise symbols in circuits and experiment with buzzers and other ways to vary circuits.

RE

In RE, we will be continuing exploring Christianity by asking - What kind of King is Jesus? We will also look at why Humanists say happiness is the goal of life.

Values

The value for the first half of term =

The value for the second half of term =

History

In History the children will be finding out about civil rights and human right icons.

Geography

In Geography we will be exploring and learning about the Lea Valley.

Music

The children will be exploring Pop Art through theme and variation. They will be learning the songs for the end of year production.

Spanish

The children will be learning to speak about their weekend as well as recapping previous units.

Art

We will explore photomontage and recreate a famous painting.

DT

The children will use their knowledge of electrical systems to create a steady hand game.

PSHE

In PSHE, we will be looking at relationships, how the body changes and preparing for secondary school.

PE

During the first half the children will take part in athletics and golf. In Summer 2, the children will take part in rounders and swimming.

Computing

We will be looking at 3D modelling, communication and AI.

Homework

In Year 6 children are expected to:

Read daily;

Practise common exception words

Complete CGP homework, due in Tuesdays
