

Global Trade

Vocabulary

Trade

Is the exchange of goods and services between people around the world.

Goods

Items needed or wanted by people such as clothes or food.

Supply chain

The journey goods take from raw materials to a finished item.

Import

Something brought by a country from another.

Export

The opposite. Something sold by a country to another.

Fairtrade

Trade when a fair price is paid to the original farmer or producer.

Buying

Giving money in exchange for goods.

Selling

Receiving money in exchange for goods.

Globalisation

The name of the process for how things grow from a local to a global scale.

We are learning to:

- Describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

PRIOR LEARNING

- To locate the 7 continents (yr1)
- To recall how land is used for different regions (Yr3)
- To recall the world's largest cities (Yr5)

The UK spends a whopping £4 billion to import cars each year!

Our Lessons

- To identify what trade is and what the UK's main imports and exports are.
- To know what a supply chain is.
- To recognise what 'fairtrade' means.
- To map the world's largest importing and exporting countries.
- To use charts to show how trade has changed over time.
